VOL. VII, NO. 31 — LAFAYETTE — ORINDA CALIFORNIA — FRIDAY, OCTOBER 7, 1949 — 5 cents

Main Line Sewers Are Now In Use

The main trunk sewers in Orinda area are now in use, according to report from Sanitary District office in Walnut Creek, with work now proceeding on the side sewer connections in the Hacienda del Orinda area, Units 1 and 2, south of the golf course. LID Number 10, northwest of Orinda Village, is due for completion shortly as another step in the new sanitary system.

The District office reports that other contractors are making satisfactory progress.

Fire Ravages Charles Hill Home

A defective gas-operated garbage disposal unit was blamed today for the fire that completely destroyed the home of Miss Katherine Bennett early yesterday morning, according to investigators.

At about 12:40 a.m. the alarm was sounded at the Lafayette Fire Department and three trucks were dispatched to 64 Charles Hill Road. The frame house, one of the most charming on the hill, was engulfed in flames when the trucks arrived. Although firemen fought it and two additional engines were brought from Orinda and Walnut Creek, the home was completely gutted.

It's value is placed at $30,000, according to Lafayette Fire Chief Shirley Peakes. Miss Bennett is the sister of Bob Bennett.

The home was being remodeled, she said. Because of this she was spending the night at her brother's home, also on Charles Hill.

The house contained many valuable antiques and items that Miss Bennett has collected.

Firemen wee hindered by lack of water, with the closest hydrant about 1200 feet away.

Mother's High School Club To Hold 1st Meet

The first fall meeting of the Orinda Mother's High School Club will be held on Monday, 2:30 p.m. at the home of Mrs. Loren S. Bush, 95 Camino Encinas. The program will include plans of the club for the coming year.

SHOWN AT THE RECENT BABY SHOWER for the little ones in the Children's Home Society of California are (l to r) Mrs. George Hickok, Mrs. Victor Richit, Mrs. Fred Repp, Mrs. R. F. Elder and Mrs. Fred Crawshaw.

Pandora Chapter Has Baby Shower

With two bassinettes filled with beautiful baby things for the Children's Home Society of California, the recent shower of Orinda's Pandora Chapter was deemed a huge success. Mrs. James Anderson, 5 Via Hermosa, acted as hostess at the affair.

Important business was presented to the group as they considered the immediate and grave problems of the society. For instance, the Nursery has a capacity of 17 babies and only funds for that amount. They can afford to have only 25 in their boarding homes, yet at the present time they have 50 babies in the boarding homes, which draws support on the inadequate reserve funds required to last the remainder of the year.

TO RAISE FUNDS

The local Pandora chapter voted to raise sufficient funds to finance one of these foster home babies.

The Children's Home Society, which is a privately supported philanthrapy, is California's only statewide adoption agency. It is the largest in the entire nation. Still it finds itself financed and equpped to handle only 16 percent of the children who were adopted in California last year. In pre-war years 60 percent of the cases were agency adoptions.

ADDED BURDEN

Last July the Native Sons and Daughters Adoption Agency decided to close, throwing added burdens on the society.

At present 86 percent of all adoptions in California are handled through private parties or are 'black market transactions' with all the hazards of mismatching children into unsuited families, actions for recovery of children by parents who have changed their minds and other dangers.

NEED SUPPORT

To meet this humanitarian problem more adequately the understanding and support of the public is needed and Pandora Chapter has pledged itself to help in the society's work of providing happy, normal homes for homeless babies for childless couples.

Clever scrapbooks for children are being made by the members to sell for birthday and Christmas presents, small stuffed animals which would be dear to any little one's heart are being sewed, many of the society's nursery needs are being cared for also by the sewing group.

BENEFIT AFFAIR

The first big benefit affair of Pandora Chapter to which guests are invited is to be a beautifully appointed tea and program on November 18th in the Orinda Community Church.

Mrs. Arthur Mauerhan, well-known authority, will speak on "How to be Your Own Decorator." Beginning at 2 p.m., the afternoon promises to be an outsanding one. Tickets will be available from all Pandora chapter members, according to Mrs. Frank Hight, ticket chairman.

Special Agent Promises 'Constant Raids' On County's Slot Machines

Alleging Contra Costa County officials were lax in policing slot machine violations, George W. Griffin, chief special agent for Attorney General Fred Howser, last week promised constant raids with "plenty of action to be expected in the next few months."

Stating that recent weekend raids staged in this county and Mendocino County are "just the beginning," Griffin said, "We are going to hit slot machines wherever we find them, and we intend to follow the same procedure."

POLICY CRITICIZED

When criticised by officials of both Contra Costa and Mendocino Counties for his failure to arrest operators allegedly found making pay-offs, Griffin countered with pointed remarks on the way slot machine cases are handled in some places.

He charged, "They bring the operator into court on a misdemeanor charge. He pleads guilty and is fined $100. Then he gets his machine back and resumes business.

PUNISHMENT?

"In some cases the local authorities even remit as much as $75 of the fine. Actually it's no punishment at all."

Griffin said the State law gives him authority to confiscate machines he finds being operated illegally. During the 30 day period he is required to hold the machines the owner may go into Superior Court for a writ of replevin to force their release.

MUST PROVE CASE

"At that point we have to prove our case," he explained. "But the burden of initial action is placed upon the wners who must go into Superior Court.

"In most cases they never take that action. When the legal time expires, we get authority to destroy the machines, It's much more effective than a small fine."

COUNTY IS LOADED

Griffin is said to have reported "Alameda County is clean, but Contra Costa County is loaded with slot machines. My men have attended every celebration held there recently and we have been making a quiet study of the whole county."

The report by 1948-49 Grand Jury labeled the slot machine law as it now exists as "definitely a farce." Prior to 1941, control of slot machines was relatively simple under interpretations of the penal code which presumed ownership illegal and allowed confiscation. Court decision revised the law in '41, and "held that mere possession of machines was not prohibited."

"PAY OFF'

Law enforcement officers must now see a slot machine "pay off" before they can make an arrest, and enforcement has been made more difficult by use of console slot machines, which have no mechanical pay-off but winnings are paid in secrecy, according to authorities.

A special crime study commission on organized crime issued from Sacramento on March 7, 1949, indicated "California is without an adequate slot machine law. Under the circumstances, it is in the nature of a tribute to our law enforcement agencies that we have the semblance of enforcement left."

SHERIFF LONG SAID . . .

When visited by members of the 1948-49 Grand Jury law enforcement committee, Sheriff Long said, "In view of the fact that there is no adequate law in California regarding possession of slot machines, undoubtedly there are some in operation." When asked if he had sufficient personnel to handle law enforcement in this county properly, he answered, "It is recognized by even the layman that all law enforcement agencies are undermanned for the proper enforcement of the law as it is now written in the Penal Code."

Young Orindan to Model At Mills Alumnae Show

Richard Miles, son of Mr. and Mrs. Kirk Miles of Orinda, will be among the children of former Mills College students to take part in the alumnae association fashion show and tea to be held at the Fairmont Hotel in San Francisco Saturday. Marking the 70th birthday of their organization, bay area branches of the Association have planned a gala affair.

Santa Maria Altar Society Installs Officers

Impressive ceremony marked the installation of new officers of the Altar Society of Santa Maria Catholic Church parish at a banquet held at Orinda Country Club on Tuesday evening.

Before an audience of more than 50 persons, Mrs. J. C. Ortland, who acted as sergeant-at-arms, escorted the women before Mrs. Elizabeth Reed, installing officers for the evening. Seated as officers for the coming term were: Mrs. Jean Montgomery, president; Mrs. Elaine Scollard, vice-president; Mrs. Vivian McCormick, recording secretary; Mrs. Rita MacGregor, corresponding secretary and Mrs. Alice Warren, treasurer.

Among special guests who attended the affair were: the Rev. Albert Duffy, pastor of the local parish, who opened the meeting with a prayer; the Rev. Charles R. Hackel, executive director of Catholic Social service, who gave an illuminating address on the works and needs of Alameda and Contra Costa Counties social service; Mrs. Elizabeth Reed, president of the National Council of Catholic Women in Alameda County; Mrs. Donald Pierce, president of St. Leo's Mother's Guild and Miss Barbara Hazlett.

Mrs. Romulus D'Arezzo is retiring president of the society.

Orindan Leaves Large Estate

An estate valued at $67,822 was left by Frank Teiche, well-konwn early resident of Orinda, who passed away last April, according to an appraisal filed last week in the office of County Clerk Walter T. Paasch.

Teiche, who had lived in Orinda since 1915, was suddenly stricken while working in his yard on April 10 and died before aid could be summoned. He is survived by his widow Hanna, a daughter, Patricia, and a son, Frank.

Pour Concrete On High School Job

Construction of three new wings at Acalanes High School moved ahead this week as contractors prepared to pour concrete flooring. Buildings are scheduled for completion the first of next year.

School Denies Request for 'Release Time' for Religion

Restating a decision made last year, Orinda School District Board of Trustees at Monday's meeting refused to grant "release time" for religious education as had been requested again by the Santa Maria Catholic Church.

Last fall the Board passed a resolution that no release time would be granted for religious education. It was found at that time, however, that arrangements had already been made for nuns to come to Orinda to give religious instruction and therefore hte resolution was waived for that year.

PERMISSIVE DECISION

Acting on the request made by the Reverend Albert Duffy the Board voted to stand by its original decision. The school code states that this is a permissive decision, Superintendent of Schools Joseph Sheaff said.

Other business transacted at the Monday meeting included:

Use of school rooms was granted to the following groups: Orinda School Auditorium — Orinda Scout Troop 207, Friday evening, November 18; Teatro Para Ninos, Saturday afternoons 2:00 to 4:30; Civic Affairs Committee of Orinda Association, third Monday evening in October; Cub Den Mothers, Wednesday, October 5, 8:00 to 10:00 p.m.; Moraga Meadows Association, October 6, 8:00 to 10:00 p.m. Kindergarten, Glorietta School — Two Brownie troops, Thursday afternoons, 2:00 to 4:00.

Grading and paving work recently completed at Glorietta School was formally accepted.

PRESENT ENROLLMENT

Enrollment at the present time: Orinda School 486, Glorietta School 250. Total 736.

Miss Yolanda Bergamini was elected as teacher's assistant at Glorietta School. Her duties will be to assist teachers in various subjects during the school day.

The following were elected as substitute and home teachers for both schools for the year: Mesdames Patricia Reynolds, Florence Beeman, Fonda Winrod, Helen La Brach, Gladys Garland, J. H. Kraul, Vivian Bransen.

REPAINT TRIM

Approval was given for repainting the trim on the Glorietta School building free of charge by the painting contractor who did the work, due to the color having faded out. Parents of Glorietta School children are asked to remind their children to keep away from the wet paint while this work is being done.

The Board decided to pay the sewer assessment of $1700 for Orinda School. This figure breaks down to approximately $140 per classroom.

Approval was given for the installation of mechanical window operators in Orinda School auditorium to improve ventilation.

Boy - Girl Scout Fund Drive Ends This Saturday

The third annual Diablo Area Scouts fund campaign is underway for the purpose of raising $20,850 to be shared equally by Boy and Girl Scout organizations in 1950.

The drive ends tomorrow.

Commenting on an increase of $3,350 over 1949 budget needs, C. L. "Chuck" Aiman, general chairman of the campaign, said that year-by-year incresase should be expected as long as Scouting continues to expand to meet increases in community population. The cost per child, however, will decrease at the same time, he pointed out.

2600 children are served by Boy and Birl Scout programs. A recent survey shows that there are approximately 1000 more children of Scout age in this locality who would like to join.

Accident Victim Sues for $86,626

Walter Kuhn, Oakland baker, brought suit for $86,626 damages in Contra Costa Superior Court last Friday for injuries allegedly suffered when struck by an automobile near Orinda Crossroads last December 5.

Kuhn received serious injuries and his companion, Karl King Cabezas of Oakland, was killed when the two were reportedly hit by a car driven by Daniel Clark O'Neill of Geary Road, Walnut Creek.

The men were struck just after leaving a taxicab to walk to the scene of an earlier accident on the Tunnel Road, west of the Crossroads.

Kuhn charges he suffered concussion of the brain, compound fracture of the left leg and shock. He asks $75,000 for injuries, $6,826 for medical and hospital care and $4,800 for loss of earnings. Attorney Aldo Guidotti of Oakland represented the plaintiff.

Village Hardware Set For Opening

Preparations for the opening of Simon's Village Hardware will come to a climax next week when Rawlings Simon, proprietor, greets Orindans at his Village store.

With catering to the community as a whole his object, Simon will emphasize friendly service in his easy-to-shop store. Besides a complete line of quality hardware, he plans to feature variety items, including cards, stationary and gifts, for the convenience of patrons.

Following his policy of having a "friendly store," Simon plans to have a parking area at the rear of the building without the "customers only" sign. The genial merchant says parking will be for the convenience of all.

Simon, his wife and two boys, Philip, 3, and 15-months-old John, have been residents on Los Arabis Road, Upper Happy Valley, since last Christmas. Simon will close his Oakland store to concentrate on his "home town" business.

Mrs. Simon is noted as an artist. She has paintings hanging at Los Angeles County Museum, as well as others exhibited in many leading galleries throughout the country. Of the modern school of painting, Mrs. Simon does landscapes but specializes in figures and composition. She studied with the late Walter Ufler at the famous Taos art colony as well as abroad.

Gillespie Speaks To Garden Club

Norvell Gillespie, well known horticultural expert of both radio and newspaper, spoke on "October in the Garden" at the Orinda Garden Club meeting held yesterday morning at Orinda Country Club.

Author of "Pacific Coast Gardening Guide," Gillespie at one time was editor of Sunset Magazine, according to Mrs. Henry Gentry, publicity chairman.

Urge Commuters to Attend Meeting

The recently organized Contra Costa Commuters Association will hold its first general membership meeting Tuesday, October 11, at 8 p.m. in the Walnut Creek Presbyterian Church on Locust Avenue, Walnut Creek.

Adoption of by-laws and election of permanent officers will be the first order of business. John H. Menns will preside. A report on results of negotiations with the transportation companies toward the object of improving service for commuters will be made by Emmit Samon.

The association represents the communities of Orinda, Lafayette, Walnut Creek, Concord, Danville, Martinez and Pittsburg. Representatives from each community will be selected for the board of directors to be elected.

Membership now totals almost 300 and the drive is being continued. Interested commuters, including those who travel by private car as well as bus, are urged to send their names and addresses to the secretary of the Contra Costa Commuters Association at Route 3, Box 28, Lafayette.

New Six or Seven Classroom School Sought for Orinda Village Area

At last Monday's board meeting, Orinda School Trustees voted to take steps to acquire land for a new six or seven classroom school to be constructed by September of 1950 on the north side of Orinda.

This decision followed a recommendation made by Edgar Parsons of the Planning Division, State Department of Education.

RECOMMENDATIONS

At a special board meeting subsequent to the recent $92,000 school bond election, Parsons recommended that working drawings be prepared immediately for the three room addition at Glorietta School as provided for by the bond issues, but instead of constructing additional rooms at Orinda School, the Board should take steps toward the purchase of another school site on the Village side of the state highway.

Wishing to cooperate with the State Department and to follow as closely as possible Parsons' recommendation, the Board resolved: first, that every possibility for acquiring land would be looked into thoroughly: second, it would be determined whether acquisition of land, obtaining of working drawing, advertising and letting of contracts and construction of a new school could be started by March 1 and completed by September, 1950.

THE MONEY PROBLEM

A third important step the Board will consider is whether money could be made available for the proposed project.

The Board therefore decided that preliminaries to the construction of the additional rooms at Glorietta School would be started immediately regardless of what is done on the Orinda Grammar School side of the community.

Trustees Edgar Stewart and William Fleager agreed to check thoroughly on all available pieces of land for a new school site. It was pointed out that the state recommends 10 acres for school property and it is hoped that at least a six or seven acre piece of land will be available.

The Board said that Parsons' approval will be requested on preliminary plans for the originally planned three-room addition at Orinda School so that construction can be started in this work if plans for the proposed new school do not materialize.

SUN PUBLISHING CO.
10 Moraga Road. Lafayette, California
Member of California Newspaper Publishers Association and National Editorial Association. Entered as second class matter at the Post Office at Lafayette under the act of March 3, 1879.

Captain Sandford Sez:

Now how do you like this one? An attractive young lady was explaining the details of her vacation to me. I asked her if she went alone and she told me that she had taken her mother. I asked her if she would not like to have taken me and suggested that next time she give the matter consideration. With a gleam in her eyes she said, "Might be a pretty good idea, Cap., but on second thoughts, no."

Then I led with my chin and asked, "Why not?"

She said, "No, no, Cap. You'd bring a horse along and that would put the whole darn party on the fritz."

I PLACED MY HEAVY GARDEN HOE in a bucket of water outside our breakfast room window in order to tighten up the wood handle and this act has also accomplished a very wonderful thing. The bucket was placed in a shallow declivity very close to a three strand wire fence.

Now here is what has happened. The blade of the hoe, which is submerged under about one inch of water, has become the stage, or shall we say, bath. The level ground adjoining the bucket becomes the stage wings and the stalls, and the wire fence provides the dress circle, balcony and gallery.

SO EVERY MORNING at breakfast, we now enjoy the delightful spectacle of watching all kinds of birds bathing, chirping and chatting with each other and after enjoying their baths, fluttering up to the higher seats in order to spectate, and vociferously criticise the bathing of their buddies. It sure is a three ring circus.

During a recent conversation with Colonel Garrett, the old maestro took it upon himself to give me some paternal and perhaps much needed advice. The Colonel patted me on the back and prefaced his remarks with "Listen, son . . ."

I LISTENED CAREFULLY, did not agree with him, but enjoyed the discussion tremendously. And his "Listen, son . . ." sure took with me. In fact, I think I have taken a new lease on life; and if this keeps up I feel that I shall be yipping for a fresh diaper within a few weeks.

Speakers Planned On Proposition 1

County School officials announced today that arrangements may be made with local principals and superintendents for obtaining speakers on Proposition 1, the proposed $250,000,000 state bond issue which would lend funds to distressed districts for new school buildings.

Proposition 1 will be on the ballot November 8.

A large proportion of the districts in Contra Costa County will probably be able to qualify for aid under the measure. Districts bonded up to 95 per cent of their legal limits, or to within $10,000 of such limits, would be eligible to borrow funds if they are able to show need for further building expansion. Districts may also qualify by showing that needed expansion would necessitate exceeding their legal bonding limits.

Proposition 1 is particularly important to Contra Costa County because of the rapid war-time growth which nearly tripled the school population in less than a decade. Although complete figures are not yet available, a spot check indicates that the 1949-50 enrollment will far surpass the 52,600 of last year when the county was fifth in California in school enrollment.

Service clubs, P.T.A.'s and all other interested organizations are invited to obtain the services of a speaker on Proposition 1 by calling Dist. Supt. W. B. Ellis at Lafayette Elementary School, Telephone Lafayette 4733, or Dist. Supt. Neil M. Parsons, Telephone W. C. 6708.

Rediscover Your Hometown

Little Janie is big enough now to read newspapers. So let's sit down with her and play a little game. Let's recall the year before Janie came, when people thought of a "jet" as just something on a gas range, and when some still considered it daring to take an airplane instead of a train. That was only eight or ten years ago. But my, how our home town has grown since then.

See the story about the new school — the one Janie goes to. That school didn't exist ten years ago. And here's a social note about some folks who live in the new section over by the brook. That section was just an open field just a few years ago. Now we point it out to visitors as a showplace.

In the classified page there's an ad seeking more workers for the factory built during the war — the factory that everybody thought was going to become a white elephant. Bigger ads tell of wide selections of up-to-the-minute fashions and nationally famous products in our stores. Janie will laugh when you tell her that before she was born, we used to make nerve-jangling trips out of town to shop. No need to do that anymore.

LET'S REDISCOVER OUR HOME TOWN is the game we're suggesting you play with Janie and today's newspaper. For in pausing long enough to ponder this moving record of progress, perhaps you'll be able to realize and appreciate how our home town has become a happier and more satisfying place to live, work, shop — and raise a family.

And this is the product of our American Freedoms which lean so heavily on our access to unbiased information, served up without fear or favor by the Free American Press . . . so that you and I may exercise the most basic of all freedoms . . . the right to choose freely, to make up our minds in all matters, great or small. This is why: Where the Newspaper Goes, There Goes Freedom.

Gael Mascot Has Local Relatives

Shannon View Timmalone is anxiously watching the fate of the Gael football team this season. And who wouldn't when his son, St. Mary's Dublin Hills Mike of the Gaels, Moraga Mike for short, is the much publicized mascot of the St. Mary's squad.

Shannon is the prize winning Irish terrier, belonging to Mr. and Mrs. Harold Schlintz, who is not only covering himself with glory for the honor his son has won, but also is receiving commendation for the best of breed awards he brought home from the Del Monte dog show held several weeks ago.

Since the Notre Dame team mascot is also a blood relation of Moraga Mike, Mrs. Schlintz reports that football season is of vital interest to the family this year.

Board Discusses Funds, Site, Memberships for Therapy Center

Fund raising, memberships and a likely property site for the preposed Therapy Treatment Center concerned Board members of the Mt. Diablo Child Therapy Center, it has been been announced by Nan Wallace, president.

At its meeting, the Board completed plans for the mass appeal for memberships throughout Central Contra Costa County, and mailings are to start this month. Letters will go only to non-members.

DISCUSS PROPERTY

Board members discussed a property that may prove to be just the site that the Therapy Center has been searching for. However, no decisions regarding it were made, awaiting advice from all qualified sources, including the County Medical Association, the State Department of Public Health, the County Board of Health, B. O. Wilson for the County Schools, and others.

Clarence Betz of Orinda resigned from the Board, and his resignation was accepted with regret and with appreciation for his services.

NEED TYPISTS

With increased activities due to the stepped up membership drive, the Board has issued an appeal for more typists and for individuals willing to address envelopes in their homes. They also appealed to organizations "no matter how small the group" to hold benefits for the Therapy Center.

The following new commitments have been received bringing to 114 the total to date: J. E. Kun, insulating material, Walnut Creek; Mrs. G. V. Polley, typing, Walnut Creek; Mrs. Hazel Daley, trained nurse, Danville; Mrs. Gene Lindquist, chemical or advice on foods and nutrition, Diablo; Mrs. Doris Crosby, help from teacher, Walnut Creek; Mrs. Mary Gibbons, typing and mimeograph, Walnut Creek; Mrs. L. L. Pasqine, typing, Lafayette; Mrs. Felix Weil, medical techinician and assist garden maintenance, Walnut Creek.

The Villagers Club, clerical work, Walnut Creek; Contra Costa Co. Title Co., Les Mullen, typewriter, Martinez, Mrs. Wynne Barber, secretary, Walnut Creek; Mrs. Earl J. Guy, typist, Concord; Marguerite A. Harrison, registered nurse one day a month, Associated; Mrs. B. O. Wilson, registered nurse, Orinda; Fern Hoel, registered nurse two days a month, Walnut Creek; Walnut Creek Ambulance Service, ambulance service mornings; and Mrs. Freda L. Jensen, graduate physical therapist, Walnut Creek.

OTHER VOLUNTEERS

Mrs. L. C. Scharmer, Mrs. Harry Herr and Mrs. R. F. Cutler, typing, all of Walnut Creek; Mrs. Joseph E. Petrice donated a three-piece suite of needlepoint-covered furniture in memory of her husband, Walnut Creek; Bentley's Moving and Storage, moving Mrs. Petrice's furniture, Concord.

Anyone wishing to volunteer materials or services is asked to write Mt. Diablo Child Therapy Center, P. O. Box 168, Walnut Creek, or to phone Lafayette 4618; Walnut Creek 3104 or 3364; or Concord 6304.

Carving is fun with Snickersnee and Ron

HAND MADE
GERBER Legendary BLADES

The combination of Snickersnee with Ron, the holding fork, is sensational. Snickersnee is a double duty, 2 point blade. You carve and serve with Snickersnee, leaving Ron, the fork, in place—*its job is to hold.* The Snickersnee-Ron carving set of Gerber Legendary Blades is an extremely practical innovation in carving tools.

Shown above, Snickersnee and Ron in hardwood gift case $20.00. Snickersnee alone (cased) $12.50. Ron (the fork) alone $8.50. Other sets. No federal tax.

Taxpayers' Assoc. Backs School Bonds

Contra Costa County Taxpayers Association at it's Executive Committee meeting held recently, went on record as favoring the passage at the November 8th special election of Proposition No. 1 covering the $250,000,000 State bond issue for school buildings. At the same time the Association recommended a "yes" vote on "Proposition No. 2" to repeal the pension law currently known as Proposition No. 4.

Of Proposition No. 1, C. E. Fleager, president of the Association had the following to say;—

"California's continuing unprecedented population growth since 1940, has tremendously increased school attendance.

"In addition to the overcrowding of school rooms, more than 100,000 pupils now attend half-day sessions, with classes being held in basements, store buildings, churches and garages. Right here in this county similar conditions are to be found."

The proposed $250,000,000 bond issue, Fleager explained, is to provide State aid to those school districts which have reached their bonded limitations. The State grants will be given to impoverished districts subject to whole or partial repayment, depending upon the individual district's enrollment and assessed valuation.

Proposition No. 2, Fleager said, aims to repeal the present Proposition No. 4 which, it will be recalled, carried by an extremely narrow margin at the 1948 election. It carried largely due to the public's apathy in turning out to vote, and the fact it was submerged among other vitally important issues on the ballot. Fleager pointed out that No. 4 has become a first lien upon State Treasury funds, which affects even the public school funds. It has created a government within a government under a welfare director whose control over the annual spending of $200,000,000 in public money is accountable to no one, which even the Legislature cannot regulate.

Permits For Six More New Homes

Building permits issued for the week ending September 30 were as follow: Lafayette residence and graage on private road and Yorkshire Drive, Lafayette Oaks, $6,480, owner Robert Renfree; Orinda, residence addition Lot 141 Camino Sobrante, Hacienda Del Orinda, $3,822, owner D. A. Veitch.

Permits for Moraga area included: residence and garage, Lot 35 Moraga Del Rey, $8,640, owner Moraga Del Rey Corporation; residence and garage Lot 48 La Cresta Road, Moraga Del Rey, owner Bank of America, Oakland, $8,640; 2 residences at $8,880 each, Lots S-2 and S-3 Moraga Road and Glorietta Boulevard, owner R. E. Smith.

Bishop Miller to Talk on Panama

New England has its Plymouth Rock and California its Golden Gate, but the narrow Isthmus of Panama has its romance and adventure of the Gold Rush days, and after. One of the most dramatic events took place on the Isthmus in 1916 with far reaching results.

One of the principal characters in the story will tell personal experiences next Sunday morning at the Lafayette Community Methodist Church at the eleven o'clock public service.

Bishop and Mrs. George A. Miller were sent from California to explore the Isthmus and report on the possibilities of educational and social advance among the little known but friendly and likeable people of the connecting link between the two Americas.

The results of that California-backed expedition have surpassed expectations and reached far from the Canal Zone. The story of the California expedition has had little publicity but will be outlined in personal experiences next Sunday morning.

The narrative has special point at this time as an organized movement is now under way to extend further the influence of the 1916 expedition. A number of people in the Bay Region are interested in the story and will be present next Sunday morning.

The Republic of Panama is closely related to U. S. affairs by reason of the Canal Zone and Panama has played the game with the United Nations in some highly important features of the international situation. The story next Sunday morning will throw some light on the kind of people we are dealing with and their strategic possibilitiess in the present programs for world peace.

Hobby Ceramics Shop Expansion

Hobby Ceramics Shop is making an expansion move to larger and more accessible quarters, according to announcement of the owners, Mr. and Mrs. W. P. Bennett. Their new store location is in the new Waldie Building next door to the Craft Shop on Mt. Diablo Boulevard.

The increase in business and enrollment in the ceramics classes conducted by the owners for beginners and advance courses made the expansion a "must." The centralization of "hobby" shops will be a convenience for customers, Mrs. Bennett stated. The shop first opened on June 15.

VISITS IN NORWAY

In order that he might be present at the family celebration of his mother's birthday, B. H. Duvander of O'Connor Drive recently flew to Norway. While in the northern country, he visited also with his daughter, Ruth, who has been attending school there for the past year.

School Leaders In Study Council

Bay Area Study Council, composed of school superintendents of the bay region, are inaugurating a study to determine, "How do schools discover and make adjustments to the problems of each boy and girl," Acalanes superintendent Neil M. Parsons, a Contra Costa representative reports.

The study is being made with the aid of the Department of Education of Stanford University, and will be a year or more in developing.

Cast Changed In Mystery Play

Changes have been made in the cast of the mystery play "Thru the Night," now in rehearsal by the Lafayette Players.

Joe Castro will play the part of "Bunny." Sid Ferchin formerly assigned to the part has to withdraw because of illness in his family. Jack Schneider takes over the role of "Jessup."

Realtors Attend State Convention

Attending the California Real Estate Association Convention in Long Beach this week are several members of the Contra Costa Real Estate Board.

Official delegates to the conclave from the local Board are Ellen V. Hill of Lafayette, William F. Anderson and Lillian Stevens of Walnut Creek. Mabel V. Anderson, Assistant Secretary - Treasurer of the Board is attending the Secretaries' Council at the convention.

Others attending from this area are Mr. and Mrs. Chalmers Hanson of Walnut Creek, Mr. and Mrs. Larry Haines of Lafayette, and E. G. Fagan of Alamo. W. Ed. Wallace, member of the local Board and President of the California Real Estate Association will direct the convention.

The Contra Costa Board has donated a large quantity of locally grown walnuts for table decoration for one of the outstanding banquets of the convention.

What Lafayette People are Doing...

SON VISITS COLEMANS

Eddie Coleman, son of the Leo Colemans of Lafayette, has been home on a visit with his parents. He is a member of the Air Corps and after a short leave spent here has returned to his station in Las Vegas.

MRS. BABCOCK IN EUROPE

Another Lafayette traveller is Mrs. William J. Babcock of Lower Happy Valley Road who has been sightseeing in Europe for the past six weeks. Her family is looking forward to her return about October 14.

MRS. DETRICK IN EAST

Mrs. Stanley Detrick of Upper Happy Valley Road has been enjoying an extensive trip through the eastern part of the United States. She is expected to return to Lafayette about October 8.

NO DEER — BUT FUN

Harold Swanson recently enjoyed a weekend of hunting with a party of friends near Red Bluff. Swanson reported that although they did not have much luck on their deer hunting expedition, they did have a good time.

THE ARNOLDS MOVE IN

Mr. and Mrs. Robert Arnold have recently moved into a new home on Jonas Hill Road.

PAUL AYERS TO NEW YORK

New York is the next stop for Mr. and Mrs. Paul Ayer of Lower Happy Valley Road who left this week for a trip to the East. Mr. and Mrs. Chatfield of Berkeley, parents of Mrs. Ayer, will stay at the Ayer home and enjoy the Lafayette sunshine during their daughter's absence.

Elks Entertain County Coaches

A very pleasant social affair was enjoyed by county coaches last Saturday night when the Pittsburg Elks Lodge held on open house with county coaches as honored guests.

Football was the motif for the evening with goal posts, School pennants and school colors in evidence. The evening was a definite success and a credit to the hosting Elks.

The coaches spent their time in attempting to build the other fellow up while gaining as much information as possible concerning the other fellow.

Visiting coaches suggested a similar affair be held for all players just prior to the opening of the league. It is believed such an event would promote sportsmanship and friendly rivalry.

Adult School Still Expanding

Because of the large number of people who have enrolled in Practical Interior Decorating for the Home, the class will divide into two groups, according to David Stewart, Adult School director.

Persons interested in lamp shade work will meet on Monday evenings from 7 to 10 p.m. in room 301, Acalanes campus. Those interested in materials such as draperies, bed spreads, slip coverings, etc., will continue to meet at Tuesday evening classes. Mrs. Doris Pendleton will instruct both classes.

A new study section in photography will be included in the schedule as soon as an instructor is found. Several more sign ups are needed before classes in shorthand, bookkeeping and mechanical drawing or blueprint reading can be started.

There will be a new Folk Dancing Beginners Class on Wednesday evenings from 8 to 10 starting on next Wednesday. Mr. and Mrs. Bob Ross of Berkeley will be instructors. All persons interested in joining the class can register at the main office of the high school from 7 to 10 o'clock Monday through Thursday evenings.

Those interested are invited to call the high school, Walnut Creek 6707, and leave their name and address.

Messiah Chorus Practice Begins

Volunteers for the Messiah Concert held their first rehearsal Monday last week. Bruce C. Handley, chorus director, has issued a call for more male voices and reports "a fine section of female voices."

The third annual Messiah Concert will be held December 11. Anyone interested in joining may call the high school or attend practice at the campus each Monday night at 7:30 p.m.

MARTHA LIPTON
. . . from the Met

Blind Musicians Present Program

Representatives of the Transcribers Society for the Blind, an association that distributes free Braille literature to the blind, were given an enthusiastic reception by students and faculty last Friday at a special assembly at Acalanes High School.

Jack Crowell, a young blind organist, and Henry Rainville, accomplished blind pianist, entertained and demonstrated reading and writing in Braille.

Over $100 was contributed by the student body to the society.

FLY TO MEET THE STORK

Mrs. Jack Sichel of Mosswood Drive flew to Los Angeles Saturday to await her first grandchild. Mr. Sichel will leave tomorrow — if the baby arrives.

Opera Star to Open Season for Concert Assoc.

First concert in the 1949-50 series to be presented by the Acalanes Community Concert Association will feature Martha Lipton, nationally known mezzo-soprano when she appears tomorrow evening, at the Acalanes High School auditorium. Admittance will be by membership card only, announces Mrs. Erna Soder, secretary.

Miss Lipton is an American-born and American-trained star of the Metropolitan Opera and, despite her youth, already has been heard publicly in the impressive total of 35 roles in 28 operas.

MOST VERSATILE

The parts, in four languages by 18 composers, range from the little boy Hansel of the Humperdinck fairytale to the sixtyish nurse of Moussorgsky's "Boris Godounow," from the seductive Carmen to the faithful Emilia in "Otello" and to Mistress Page, one of the "Merry Wives" in "Falstaff." The New York Journal-American has referred to her as " the Met's most versatile artist."

Born in New York City, Miss Lipton's first teacher was her mother, herself a professional singer. Later Miss Lipton studied with Mme. Melanie Guttman Rice, then won a scholarship to the Julliard Graduate School where she coached with Paul Reimers, the famous Lieder singer.

MANY AWARDS

Next came an award from the MacDowell Club, a New York recital, followed shortly by the $1,000 prize of the National Federation of Music Clubs.

Her Metropolitan Opera debut came the opening night of the 1944-45 season, as Siebel in "Faust."

Open House at Orchard Nursery

The Open House planned by the Orchard Nursery on October 22 and 23 will be a field day for garden enthusiasts in the area. Well known garden experts will be on hand to answer the many special questions that puzzle greenthumbers.

Arthur Navelet, nurseryman, garden columnist and radio commentator will be on hand as will Norvell Gillespie, radio and newspaper garden editor. Gillespie is also in charge of the annual San Mateo Garden Show.

One of the foremost landscape architects of the Bay Area, Ernest Wertheim, will answer garden and landscaping questions.

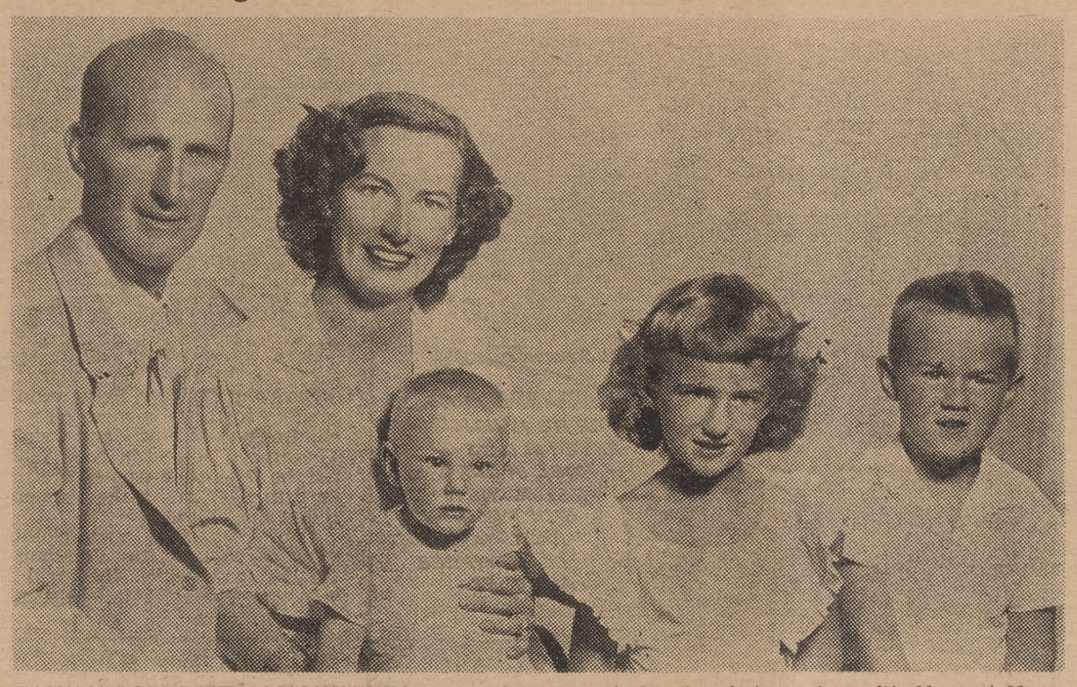
There will be special commercial displays by local seed, insecticide and fertilizer companies with the recently completed new department of indoor plants a special feature for the day's visitors.

Owners, Stewart Wade and Jack Schneider, announce that additional parking space has been provided and many other improvements added to the grounds, including paving of paths and new store fixtures.

Hilltop Bridge Club Meets at Sadlers

Mrs. Rade Sadler of Lafayette Oaks was hostess at the last dessert bridge session enjoyed by members of the Hilltop Bridge Club. The club met at her home on Hawthorne Drive Wednesday evening, September 28. Included in the group were Mesdames H. H. Montgomery, Edward Rice, C. J. Herman, M. J. Garevich, Jack Basye, Lloyd Holton and Paul Rachford.

Family Portrait



FAMILY PORTRAIT ASSIGNMENTS are a pleasant task for the photographer with Mr. and Mrs. Douglas T. Kilbourn, young Tommy, Libby and Tod posed before the lens . . .

(Sun Photo by Victorina Willson)

By VICTORINA WILLSON

Meet this week's featured family — Mr. and Mrs. Douglas T. Kilbourn, Libby, a charming six year old; Tod, a lively four, and very active Tommy who will be ten months old when you read this article.

The children are formally known as Elizabeth June, Theodore Duffield, and Thomas Martin.

ALSO ROTOTILLERS

Mr. Kilbourn is our Kaiser-Frazer dealer and also has the dealership for Rototiller and thereby hangs a tale.

Always interested in bargains the family subscribed to a farm magazine, not because they were farmers but because a five year subscription only cost $1 and "who could pass up a bargain like that."

Since they had over two acres in Happy Valley, they wanted a rototiller but they were hard to purchase. So when they saw an ad for a rototiller dealership available in this area they decided to investigate.

After much correspondence the factory representative came out and interviewed Mr. Kilbourn and, evidently very much impressed, informed him that he knew Kaiser-Frazer were going to give the dealership for their automobiles and other products to someone locally and if he were interested perhaps something could be worked out for both companies.

So after taking over two dealerships the Kilbourns finally got their Rototiller. The only sad note in this story is that Mr. Kilbourn is now too busy to use it.

PIONEERS!

They have lived in this area for eight years, practically pioneers. Even before they were married they came out for Sunday drives and determined that "some day" they would make their home here. Both were raised in the bay area, in fact lived across the street from each other for a time. It was when Mrs. Kilbourn's family moved to another section of town that they realized how much they missed each other and their romance started.

Mrs. Kilbourn attended University of California, majoring in Animal Husbandry, but married before entering Davis. It is still her dream that sometime they will retire to a cattle ranch and she can put her knowledge to good use.

FLOWER SERVICE

Flower arranging is her hobby and has also been her business. Shortly after marrying, she started a Flower Service that consisted of arranging and furnishing fresh flowers for a number of professional accounts. She was so successful in this service that she was offered the Claremont Hotel Flower shop which she ran successfully for three years. Although her flower arranging is now confined to local civic organizations, flowers are still her love and she raises as many as her time will permit — all the kind that can be cut and arranged.

Gardening is also Mr. Kilbourn's hobby, when he finds time, but his is the vegetable variety. Mrs. Kilbourn is a member of the Happy Valley Improvement Association, a charter member of the Lafayette Fiesta Association and is very active in the United World Federalist Movement.

The Kilbourns said they originally came to our area for the climate and space but now feel there is another excellent reason for recommending the area — the people and the wonderful community spirit that exists.

Canyon Callings . . .

By PHYLLIS RICE

SORRY TO HEAR that Mrs. Jean Sturtevant, a new resident to the Canyon, is confined to her home. She fell on the steps the other night and chipped a bone in her ankle.

Mrs. Mabel Healey is visiting with friends in San Jose for a couple of weeks . . . Mr. and Mrs. Melvin G. Odegaard and son, Milton, are new residents in the Canyon. They are residing in the Elms-Crawford cottage . . . Ensign and Mrs. Arthur Hull have moved from the Canyon to Alameda.

CANYON SCHOOL BOARD held its regular monthly meeting on Tuesday. We would also like to extend our thanks to all those people who were so helpful with the work on the school grounds. We now have the equipment moved around so that there is a larger play area for the larger children and more of a separate playground for the smaller children. Again may we extend our thanks for all the help.

Mrs. Mildred Pine and Mrs. Phyllis Rice attended the Postmaster's dinner September 28. It was planned originally as a barbecue to be held at the Concord Mt. Diablo Trail Ride Grounds, but because of colder weather was changed to the Adobe at Concord. A large crowd from both Contra Costa and Alameda Counties attended. John Fixa, Central Accounting Postmaster, was guest speaker.

CANYON CIVIC CLUB and Canyon Women's Club are holding a dance tomorrow night in the Hall. Admission is $1.25 a couple. Dancing will be from 9 till 1. Come out and have a good time.

Canyon Civic Club will hold its regular monthly meeting on October 20. Plan to attend as there is to be an election of officers for the coming year.

Division of Fish and Game Reports On Damage by Deer in Area

During 1948 an unprecedented number of crop and garden damage complaints were received at the California Division of Fish and Game, from an area extending from Martinez on the north and near Dublin on the south, and from San Ramon Valley on the east into Piedmont and the Berkeley Hills on the west.

Thousands of dollars of deer damage to crops were occurring annually in Contra Costa according to Farm Advisor Goble and by inspection by Division personnel. In addition, damage to gardens in Oakland, Berkeley, and Piedmont was very heavy; nearly 15,000 pine and redwood trees, planted for watershed protection by the East Bay Municipal Utility District, were fatally topped by deer; and deer were feeding heavily on gardens and ripping up the golf turf at Tilden Regional Park.

CONFERENCE

A conference between representatives of the East Bay Regional Parks, East Bay Municipal Utility District, and the Division attempted to solve their particular difficulties.

It being proposed that these District lands be opened to some sort of hunting by the public which could effectively reduce the deer herds. These herds have increased owing to complete protection and they were much in evidence as a result of the extremely dry year. The onset of the winter rains brought unduly cold weather which inhibited the growth of natural browse species and the deer did not forsake the gardens, as had been anticipated, and damage continued.

PETITION RECEIVED

During March of 1949, a petition was received from residents of the Alamo-Danville area bearing 68 signatures demanding that a man be assigned to remove deer from that area in an attempt at stopping the deer damage. At the same time a petition was signed by 285 members of the Piedmont Pines Club. The organization requested that a man be assigned to control deer in their outlying areas as their own efforts could not stop depredations in the Orinda area alone.

As the areas involved are highly settled residential areas it would be extremely hazardous to shoot rifles and taking of the deer by archers would be ineffective.

FENCING

The Bureau stated that deer-proof fencing was physically and financially impossible and that sprays and other repellents had been tried in this area but had been found wanting in controlling the deer damage evident at this time.

A Division Hunter and Trapper was assigned to the task of removing the deer on April 24, 1949. From that date through September 17, 1949, he had removed 139 deer, the majority of which were taken to charitable institutions.

GAME CODE

Section 1293 of the Fish and Game Code does not specify what type of property can or cannot be issued a deer damage permit. While it is felt that a person posting his land against hunting should be morally responsible for the damage by deer to his crops, by his fostering an overpopulation of deer, the law states that: "Any owner or tenant of land or property that is being damaged or destroyed or is in danger of being damaged, upon satisfactory evidence of such damage or destruction, actual or threatened, shall issue a revocable permit for the taking of such mammals under regulations promulgated by the commission. . . . ."

It is true that deer have been trapped and liberated in other areas in the past but the herding and trapping of widespread nuisance deer, especially in residential areas, is not feasible.

Since placing deer control into effect in the area the number of complaints has dropped markedly, according to the Division of Fish and Game.

Fogelberg Gets Water Contract

Contracts totaling $185,349 for the construction of important additions to the local water system have been awarded to McGuire and Hester Company, of Oakland, and O. A. Fogelberg, Lafayette, it was announced today by John S. Longwell, Chief Engineer and General Manager of the East Bay Municipal Utility District.

On the basis of a low bid of $113,354.25, McGuire and Hester received an award to construct a 30" steel pipeline from 4th Avenue and East 11th Street in Oakland, to 20th Avenue and Foothill Boulevard, a distance of 7,375 feet. The new transmission main will replace a 24" sheet-iron pipeline installed in 1916, which is now worn out. High maintenance costs on the old pipe, and the need for additional capacity in the area, make it necessary to construct the new pipeline at this time, Longwell said.

O. A. Fogelberg received a contract totaling $71,995, to construct a 30" steel pipeline from 59th and Genoa Streets, in North Oakland, to Stanford and Hollis Street in Emeryville. This is a combination of the 59th Street Aqueduct now under construction between the West Portal of the Claremont Tunnel, at the upper end of Chabot Road and Genoa Street at 59th Street. Purpose of this important pipeline is to increase the flow of Mokelumne water into the Aqueduct and central zones of the local distribution system. Longwell explained that Mokelumne water which has been filtered at the Orinda filter plant will enter the new line directly from the Claremont Tunnel, and will then be fed into the distribution system along the three mile route of the 59th Street Aqueduct.

Both projects, which are scheduled for completion after the first of the year, are a part of the District's ten year program of rehabilitation and expansion of the water system, which has been required by the rapid growth of the East Bay cities. It is expected that an expenditure of more than $50,000,000 will be necessary during the next ten years in order to adequately meet the water needs of the 200 square mile area served by the District, and to provide for the future growth of the community, Longwell said.

Mills Club Meets At Randall Home

The Orinda Mills Club met recently at the home of Mrs. Benjamin Randall on Valley View Drive. Members present were the Mesdames Stuart Henderson, Russell Gilwee, Dennis Koehler, Richard Copenhagen, Nathaniel Dodge, T. R. Cooper, Robert Bigler, and Benjamin Randall. The last meeting was held Monday at the home of Mrs. W. J. Cunningham of Charles Hill Circle.

Federation Asks For Used Clothing

Save the Children Federation is sending forth an earnest plea for children's clothing and shoes. These need not be in good repair for the federation women are prepard to clean and make over anything at all usable.

Contributions of such clothing may be left at the Community Church from which they will be collected every Friday beginning about October 14.

Mr., Mrs. Davis Travel To Bank Convention

Mr. and Mrs. William A. Davis have spent a busy but pleasant summer in the interest of business for the Home Loan Bank of which Mr. Davis is vice chairman and member of the board of directors. They attended a week's convention in Sun Valley and then went on to Salt Lake. On their return they stayed at Lake Tahoe and enjoyed a call on the Lowell Berrys, former Orinda residents.

Mrs. Davis' brothr, Martin S. Hanson from Southern California, has just ended a two weeks visit with them.

ENTERTAIN FRIENDS

Mr. and Mrs. James Anderson entertained former Orindans Mr. and Mrs. Harrison L. Ketcham and Mrs. George Wacker last Saturday evening at their home on Via Hermosa. Present also were Mr. and Mrs. U. B. Smith and Mr. Anderson's mother, Mrs. James Harlow Anderson, from San Francisco.

Vic Beauchamp Now With Pittman Realty

After three years with the Clyde O. Sweet Realty office in Orinda, Vic Beauchamp is now associated with the realty office of Marian Pittman, located in the new Rheem Building.

Park Pool Group Plans Day of Fun

Orinda Park Pool will hold an Entertainment Day on Sunday with proceedings scheduled to start at 12 noon at a community luncheon. Coffee will be furnished.

The following schedule has been announced: election of new Board at 1 p.m.; presentation of medals to winners of the recent swim meet at 1:45 p.m.; games for children at 2 p.m. including bingo, ping pong and horseshoe tournaments, fish pond for children seven-years-old and under, basketball toss and a bean bag board. A scavenger hunt beginning at 3 o'clock will conclude the day. All members are urged to attend.

U. C. Expedition Director Gives Talk on Travels

Professor Charles L. Camp of Hacienda Road gave a talk at the University of California on September 28 and showed pictures of the University's South African expedition of which he was director.

On the following day a reception was given at Berkeley Women's City Club at which Dr. Edwin Loeb showed his pictures of Ovambo Land in Portugese East Africa. Dr. Loeb was the expedition's anthropologist, heading a group of 15 scientists.

Diablo Forum Announces Program of Fall and Winter Cultural Series

The Tuesday Morning Forum of Diablo, organized to bring cultural events to suburban Contra Costa County, opened the season's series on Tuesday when Alexander Fried, music critic, lectured on "The San Francisco Opera Season."

The November 15 program will include, by popular request, a reading by Dr. Garff Wilson, assistant professor of speech at the University of California. He will read a current Broadway play.

On December 6, the Forum will hold a musical tea featuring selections by a trio headed by Margaret Avery Rowell. Tea tables will be decorated in a Christmas theme for that occasion.

Series tickets, which include the luncheon following the first two programs, may be reserved at Box 107, Diablo, or by telephone at Diablo 12.

Mrs. Arthur H. Carlson of Danville is program chairman for the series. Sponsors include Mrs. Carlson and the Mesdames John Blemer, Hamilton C. Davis, Henry W. Grady, Thomas O. Edwards, Raymond C. Force, William M. Hale, Robert F. Mulvany, Allen A. Morse, Hubert Prost and Frederick F. Thomas.

Organization To Be Planned By Both Guilds

An important luncheon meeting of both afternoon and evening Guilds for the purpose of explaining and taking the first steps in a general reorganization plan will be held Thursday.

Due to the rapid growth in membership in both section there is need of more sections with an overall group to coordinate the work.

Mrs. Lance Barden will present the plan. All members and friends are invited to attend this meeting in the Church.

Dotens Plan to Build Cabin at Lake County

Mr. and Mrs. Harry Doten and Jimmy spent last weekend at Buckingham Park, Lake County. They have owned a lot on the lake for four years and are anticipating building a cabin on it. They loved the climate of the Clear Lake region but in the past found the gnats an almost unendurable pest. Since then the county spent $30,000 spraying the lakes and absolutely exterminating all the gnats. Not only are the gnats gone, but also most of the spiders that used to feast upon them. The Dotens enjoy their eight passenger speed boat and Jimmy is becoming quite adept at water skiing.

NATIONAL FIRE PREVENTION WEEK

A match, tossed carelessly from a car window—a cigarette butt, stamped on and left smoldering in a patch of dried grass—these are the "little things" that drive fire losses up to a million dollars a day, across the nation!

The greatest contribution you can make toward preventing fires, is to make sure that your home—your car—your place of business, is safe. Be sure that no oily rags are lurking in corners. Keep a fire extinguisher within a few steps of you at all times. Never look away from a match or cigarette until you're sure it's out and COLD! A little care on your part, will "FLAMEPROOF YOUR FUTURE." Ask one of our representatives about full protection against fire and fire loss, today!

ORINDA SUN

Children Damage Glorietta School

Glorietta School is faced with an annoying problem with various acts of minor damage causing inconvenience at the school, according to Joseph Sheaff, Orinda Schools superintendent.

Included in the nuisances which are taking time and money to repair are such things as B-B shot broken windows during the summer, the thoughtlessness of horseback riders whose mounts leave hoof dents in the schoolground paving in warm weather, and the poking of holes in screens which cover building vents.

Latest difficulty is caused by those who remove the still-soft putty which is being used in replacing the present plate glass windows with safety glass. Sheaff pointed out that the putty must harden thoroughly before any paint may be applied and with constant replacing of putty that is being removed, the job can't be finished.

The superintendent stressed the fact that the children are encouraged to play on the schoolgrounds, but asks that parents impress upon their children that it is important they try to keep children from causing any damage.

Residents' cooperation is particularly urgent at this time, because the Glorietta plant is going to have to be repainted by the contractor because of defective paint used originally, and cooperation of those using the schoolgrounds is important to the future attractiveness of the building.

Orinda Women's Chorus Seeking More Singers

Orinda Women's Chorus was off to a singing start for the season on September 26. They are, however, still looking for others who would like to expand their vocal activities beyond the lullaby stage.

Two evenings a month are scheduled with the next meeting set for this Monday at the home of Mrs. Kirk Miles, 11 La Plaza. Those interested or even mildly curious should call Mrs. Everett Dempster, Orinda 2018 or Mrs. William Odenthal, Orinda 2330.

Noted Visitor to be At Charles L. Camps

Professor Gaylord Simpson and Mrs. Simpson will be houseguests next week of the Charles L. Camps on Hacienda Road.

Dr. Simpson is with the American Museum of Natural History, New York City and will give the Hitchcock Lectures at the University of California next week.

FOUND —

Large Irish Setter, male. Call Paul Benedict at Clyde Sweet Realty.

GIVE AWAY —

One year old Cocker and Springer combination to a good home of adults. Lafayette 3767.

PAT MacCAULEY and LINDA RAFAEL are staging a private preview of the finely detailed and completely furnished doll house to be exhibited tomorrow at Lafayette P.T.A.'s Westival. The house and furnishings have been donated by the owner and creator of this attraction with entire proceeds going to the Westival. (Photo by Mattson.)

Many to Attend Fellowship Rally Set for Sunday

On Sunday afternoon, 35 Pilgrim Fellowship teen-agers will trek to Alameda to the annual East Bay Pilgrim Fellowship Rally to participate in fellowship, fun and feasting with all Pilgrim Fellowship groups in the East Bay.

Roger Dunn's committee, with the assistance of Mrs. Frank Dunn, will make arrangements for the transportation of all to and from Alameda.

All who are planning to attend should bring 25 cents and themselves to the Orinda Community Church at 3:30 Sunday afternoon. All cars will leave promptly at 4 o'clock and will return to Orinda by 9 o'clock. There will be no other regular meeting at the church Sunday evening.

The P.F.ers this week have been talking about the successful evening they had last Sunday. It was officially called Parents' Night. The worship service was led by Don Reid, Linda St. Hill and Joe Conley.

Roger Dunn, president, welcomed the parents for the special evening in their honor, and introduced the guest, Bill Bridges, president of the P.F. East Bay cabinet, who spoke to the group. Joyce Amdisen was the pianist for the group singing of hymns.

This service was followed by a special program given by one of the group's own members, Leatrice Fisher. She very cleverly presented a puppet show for which she had herself made all the puppets and originated the dialogue.

Folk dancing in which the parents gayly joined the 35 youngsters, and the serving of cider and doughnuts by Sally Fleager and Joanne Willits concluded the indoor program, but outside, the traditional friendship circle was held in the court under the stars.

Rotarians to See Bedsworth Magic Act

Jay Bedsworth and his magic act will be the main feature at next week's noon meeting of Orinda Rotary, according to Vic Beauchamp.

Westival Is Tomorrow -- Don't Miss The Delicious Food and Super Prizes

The fruits of a "wholesale buying spree" in San Francisco were "sneak-previewed" early this morning in the Lafayette Dime and Dollar store by a working committee of the Lafayette P.T.A. Westival.

As case after case was unpacked the feverish hands of the assemblage tore open the enclosed boxes and the resulting "Oh,, how darling — Isn't this unique — I have never seen anything like this — Won't the older girls just love this — The little boys will be pleased as punch with this — etc." soon attracted the attention of innocent shoppers, who quickly added their enthusiastic remarks.

It's all for the Westival — tomorrow from 1 to 9 at Lafayette Grammar School.

"The point is that the prizes, and there will be around 2500 of them, are really quality merchandise that you would ordinarily find in a reputable store; and they are positively not to be associated remotely — with the usual run of carnival plaster junk!" according to the prize committee.

REAL ASSISTANCE

"Grateful acknowledgement is made for the wonderful kindness of Ken Jensen of Lafayette Dime and Dollar, who spent and entire day and a half in the wholesale district with the buying committee, and not only gave invaluable aid in selections, but obtained this tremendous quantity of prizes at his cost for the Westival," Mrs. Leonard Jones, publicity chairman, stated.

The prizes will be dispensed from a special Prize Booth, under the supervision of Mrs. Elywn Maxey and will be elaborately displayed on three shelves. At approximately 10 booths the award for winning a game will be a blue ribbon (to be pinned to shirt or dress).

When a player has accumulated three ribbons, he is eligible for a prize on the bottom shelf. Five ribbons and he chooses from the center shelf; 7 ribbons he goes to the top shelf.

With most of the games being "three for 5c" you can see how profitable this can be. There will be 15 top prizes ($2 to $3 each) that will be awarded for 15 ribbons!

AND FOOD

Many who visit the Westival will plan to stay through the dinner hour as Mrs. Al Maas and her committee of 8th grade students are prepared to serve a delicious supper from 5 to 7 in the lower deck of Town Hall.

The mouth-watering menu will consist of spaghetti, coleslaw, sliced tomatoes and buttered bun. Coffee and milk will be extra. Also extra will be Baked Ham on buttered buns. Prices will be nominal.

Desserts will be in abundance at various booths throughout the afternoon and evening. Mrs. J. G. Browning and Mrs. G. W. Meyers are offering slices of home made cakes, in addition to whole cakes to take home. Nearby will be the coffee dispensing station manned by Mrs. J. F. Teuscher and assistants.

AND ICE CREAM

Also strategically located will be a super ice cream booth with the biggest 5 and 10 cent bargains ever offered at a carnival. Mrs. Wm. Takahashi and Mrs. C. L. Feiler are in charge.

For those "thirst quenchers" Mrs. Fred Davidson and committee will be on hand to offer such ambrosias as Westival Punch — "the punch that satisfies" — Pink Lemonade and hot spiced cider.

AND HOT DOGS

And to answer the eternal need for a sustainer before and after dinner, Mrs. William Freeman and committee will dispense HOT DOGS. Working in relays, two boys at a time from Mrs. Ralfe Miller's class will act as "Sandwich Men" for the Hot Dog booth, and will carry advertising placards throughout the grounds.

A final touch of gastronomical joy — Mrs. E. E. Firestone will offer homemade candy by the bag or by the piece. How about buying a piece of fudge from her booth each time you walk by? Cost: 1c.

Your Child

A WEEKLY COLUMN

conducted by Claud C. Ruch
Educational Director, Childcraft Advisory Service

Most of you mothers of small babies worry needlessly when your little ones don't start to sit up or to walk or talk as early in life as the baby in the house next door or the apartment upstairs.

Before you begin to wonder whether or not there may be something wrong with little Mary or Bill, read what one of the country's leading authorities on "The Baby's First Year" has to say on this subject:

Claud C. Ruch

"As in all other aspects of development, babies vary a great deal with respect to the time when they begin to do certain things."

That is the expert opinion of Dr. Donovan J. McCune, Professor of Pediatrics at Columbia University and Childcraft writer.

An attending pediatrician at the Babies Hospital in New York City, he has the opportunity to observe hundreds of infants closely every year.

According to Dr. McCune, "babies seem to follow the same general pattern of development, despite differences in the time of beginning." Here is the outline he gives for their progress:

1. When lying on his abdomen, the newly born infant can usually raise his head briefly, but cannot do so if he is lying on his back.
2. During the first four months, he can lift his head backward with greater and greater efficiency, but he usually cannot lift it forward until he is about four months of age.
3. A month or two later, at from five to six months, he can sit upright with a little support.
4. By seven or eight months, a baby can maintain a sitting posture without aid for a short time and pull himself back into it if he falls over.

Mothers Club Membership Hits 96%

Orinda Mothers Club membership drive was completed last Friday with signal success, Mrs. Alfred Johnson, membership chairman, has announced.

Total membership received numbered 472, which represents 96% of the parents in both Orinda and Glorietta Schools. First class to reach 100% was Miss Marianne Skemp's combined 7th and 8th grades at Glorietta School, who thus wins a cash award of $5.

Other classes to reach 100% during the two weeks period of the drive win a $3 cash award. They are as follows: Orinda School: Mrs. Tuulie Marttila's morning kindergarten; Mrs. Ruth Lamborn's first grade; Mrs. Theorita Canty's 2nd grade; Mrs. Pauline Blessing's 3rd grade; Mrs. Agnes Gilman's 4th grade; Miss Roberta George's 5th grade; Mrs. Verna Given 6th grade; Miss Frances Tighe's 7th grade; Mr. William Medlem's 8th grade. Glorietta School: Miss Elizabeth Haviside's kindergarten; Mrs. Nadia Nicolaysen's 1st grade; Mrs. Mildred Parker's 2nd grade; Miss Mary Siefker's 2nd and 3rd grades combined; Mrs. Paula Collings' 3rd and 4th grades combined; Mrs. Margaret Anderson's 5th and 6th grades combined.

Winning classes will use their prizes to purchase books or records for their school rooms.

Unique Doll House To Be At Westival

One of the most complete doll houses ever exhibited will be on display at the Lafayette P.T.A. Westival tomorrow on the Lafayettt School grounds from 1 to 9 p.m .

"This unique house," says Mrs. John Klass, Specialties Chairman for the Westival, "is 6 feet long, 2 feet wide and 3 stories high, and is finished in stucco and wood in the English Tudor style. When the lighting system within the house is turned on at night it looks for all the world like a real little home."

HOW IT WAS BUILT

The story behind the building of the house is an interesting one. It seems that Mrs. Victor Anderson of Berkeley started gathering the furniture (which incidentally is 18th Century with quite a few Jacobian pieces) some years ago when her now 12 year old daughter was quite young.

A permanent setting soon became a "must" as the collection grew; so the little house was built. The little girl's interest grew right along with it, and Mrs. Anderson claims that older girls and women are as excited as the little girls who stare within those walls. Strange as it may seem, boys too seem to find the doll house a fascinator. It is the "construction angle" which interests them, Mrs. Anderson explains.

'Food of the Mind' Sermon Subject

"Food of the Mind" is the title under which Rev. Fred Morrow will discuss books and reading habits in his sermon next Sunday at Orinda Community Church. He will make suggestions for constructive reading development.

Leading the music of the service is Mary Elizabeth Tomme, who will lead the choir, and also play the organ in the absence of Mrs. Baker now on her vacation.

This week also marks the beginning of the service of Rev. W. Kennon Tomme as a pastoral associate.

Rev. Tomme is a full-time student in the Pacific School of Religion, Berkeley, but will spend one day in Orinda each week in family contacts throughout the community. He is an ordained Methodist minister and a former army chaplain with service under General MacArthur in Japan. He served as summer supply preacher here in July.

Dramateurs Plan Monthly Meeting

The Orinda Dramateurs will hold their regular monthly meeting on Monday, October 10 at 8 p.m. in the Orinda Church building.

Edward O'Brien, the new director for the Dramateurs, will give a talk on play production with demonstrations of make-up technique. Members are urged to bring friends. Anyone in the community interested in the theater is cordially invited to come.

Following O'Brien's talk there will be a short business meeting for the purpose of electing a vice-president, a treasurer, and a stage manager.

I'm Frank...

when I say that it's been many a moon since I've heard music as beautiful as that played by the Keene Pettengill's young daughter.

Heard her at the Orinda Park Pool Talent night and I wasn't the only one impressed either. You know Don Bell, the big strapping instructor and life guard? He, along with old man Olsen, shed a tear or two we were so touched by the sweetness of the music. Yes sir, it was real keen, Keene.

I'VE JUST HEARD the good news that the spell has been broken at the Bob Clough ranch up on Acacia Drive. It's a girl and her name is Libbey.

After three lively young guys, Libbey must really seem like a bundle from heaven. Congratulations Bob and Susan and when you come in to the Orinda Hardware we'd like you to have a card of the finest safety pins imaginable. On the house too.

WE HAD A SPECIAL on children's lunch boxes this year and young Pete Olsen (he's my heir) asked that one be put away for him. This we did, of course. The lunch boxes were very popular items, with their gay colors and fancy little handles and, despite reorders, the day came when we were completely sold out.

What happened to that next customer? He got Pete's box, naturally. The customer always comes first.

Pete gave a sigh, got out the Boysen Paint and is now lugging his old lunch box to school. There's a dent here and there in it but it's as gay and colorful as the rest and Pete still wants to be a hardware man.

Say, did you know we hired Ken Keep not long ago to take care of the stock room and do a bit of sweeping. He comes in afternoons and Saturdays and a very industrious guy he is too.

WE HAVE A FEW odds and ends left over from previous Halloween seasons and we are willing to let them go for a fraction of the original costs.

There are things like pumpkin decorations, tablecloths and stuff that might be just the thing for that party you're planning. You see, we are not going to carry any more Halloween merchandise as a full and complete line is being stocked by our good neighbor next door, Sprouse-Reitz.

Talked to Bill Morrish the other day and learned that he had spent some time in the Canadian Rockies this summer. Didn't ask him how many fish HE caught. I'm Frank, I caught ONE.

INCIDENTALLY, if you are planning to put in any lawn this year you'd better get at it. From here on out it gets cool rather fast and, if you don't hurry, you'll have to wait until Spring. We have seed and anything else you might need for putting the wind-up touches on your garden before the long cold winter months wet it. Say, where do I think I am . . . Brooklyn?

WHY DON'T YOU go to the phone right now and call **ORINDA 2585** (a beautiful number isn't it) and ask us, here at the Orinda Hardware, to deliver something with our blue plate special service.

A shiny new truck will speed to your door, a charming young delivery boy will rush to your door . . . (Unless I make the call and then a charming old delivery boy will crawl to your door) and there, in beautiful dulcet tones, you'll get the melodies of your choice. You know, we're the only hardware store in Orinda offering that service — singing deliveries.

WOULD YOU BELIEVE IT . . . in a little more than two months it will be Christmas. Come on down and let us help you shop. At least I'll be able to tell you what I want for Christmas cause . . .

...I'm Frank

Foundation Tells Why Schools Open Despite Epidemic

The opening of schools on scheduled dates throughout the country despite the occurrence this year of the largest infantile paralysis epidemic in history, is no cause for parents' alarm, even though thousands of new cases may be expected during the next weeks, the National Foundation for Infantile Paralysis declared today.

The Foundation, now conducting a Polio Epidemic Emergency Drive to raise $14,500,000 to enable its Chapters to care for an anticipated 40,000 cases by the end of the year, pointed out that new cases still are being reported at a rate of 3,000 a week. But experience shows that school openings never have affected the course of epidemic, either to abate or increase the incidence rate, according to Dr. Hart E. Van Riper, medical director.

PRECAUTIONS

Certain precautions should continue to be observed both at home and at school, he advised, but the assembling of pupils under one roof is not regarded in itself as hazardous. The majority of schools in incidence areas have opened or will open soon, in conformity with recommendations of a national conference of health authorities sponsored by the National Foundation early this summer, he added.

Many inquiries from parents during the last week prompted Dr. Van Riper's statement.

"The reasons for the recommendation regarding schools are threefold," Dr. Van Riper explained. "First, closing schools or delaying their opening has not affected the course of outbreaks of poliomyelitis in the past. Indeed, such action often has resulted in public panic. Whatever is done to upset the usual routine of children in a household, or adults in their occupations, is likely to bring more trouble than good.

"Second, since children usually play with other children in their neighborhood, they probably have had the same exposure to their playmates as they will have when school opens. And there usually is less supervision when schools are not in session, so early symptoms may not be spotted as promptly.

SCHOOL CONTACTS

"Third, it is intimate contact between those who are infected and those who are susceptible that causes the spread of infantile paralysis. Normal school contacts do not involve intimate living, such as takes place in households. Merely sitting side by side in a schoolroom does not constitute intimate contact."

Dr. Van Riper urged the continuance of such precautions as avoidance of over-fatigue, assurance of adequate rest and sleep, strict observance of cleanliness and avoiding the use of utensils or implements belonging to other children, particularly objects that may be placed in the mouth. Routine daily checking on each child's health for early notice of symptoms such as headache, nausea, muscle soreness and fever also was advised.

With respect to schools to which children are transported in busses from widely separated areas or boarding schools, excluding colleges and universities, Dr. Van Riper said occasional exceptions may be made regarding school openings. These involve such situations as when a school is located in a high incidence area, and children are brought into that area from regions where the disease is not prevalent.

"The thing to ask yourself is what would your child do if school were not open," he concluded. "If your child would be just as exposed to possible contacts through busses, movies, church attendance and social gatherings, then obviously nothing will be gained by keeping him out of school — except a disturbance of his normal pattern of life."

Wolo Is Coming To P.T.A. Westival

The sensational news of the week is that Wolo, the artist, is coming to the Lafayette P.T.A. Westival tomorow afternoon. He will set up his easel on the Lafayette Grammar School grounds.

Famous for his incomparable stories of animals, (Amanda — Sir Archibald — Friendship Valley — Secret of the Ancient Oak — Tweedles be Brave), which are the delight of children, together with his most appealing illustrations of animals, birds and reptiles, Wolo's coming promises to be one of the prize coups of the Westival.

Fresh from the Outdoor Art Exhibit in San Francisco's Union Square where he put on an art-in-action exhibition, Wolo is expected to do the same thing in Lafayette, charging $2 for a personally inscribed sketch of one of his famous animal characters.

To watch the sketching from the first stroke to the last touch of crayon coloring (which he likes to use because it is in the child's medium) is to receive a lesson in art and is a thoroughly delightful experience.

Gas Transmission Line to Meet Area Demands

Construction on a major gas transmission line designed to cope with the peak demands in the Concord-Walnut Creek-Danville-Diablo area was announced today by George Bowersox, acting regional manager of Coast Counties Gas and Electric Company.

The job will include the laying of approximately 49,000 feet of pipe and will cost in the neighborhood of $200,000, Bowersox said.

The project will involve some 28,000 feet of 10" pipe and 21,000 feet of 8" pipe from a point near Clyde running near Concord to Walnut Creek terminating at the highway near Oakland Boulevard.

In announcing the big construction job, Bowersox said, "While the immediate purpose of this project is to increase the efficiency of gas service during peak load periods in the Concord and Walnut Creek area, it also is an integral part of Coast Counties' long range development plan occasioned by the heavy population growth in Contra Costa County during the past few years." He added that "the heavy residential development with its constant demands for gas service in the Danville-Diablo area is an additional factor in the company's expansion plan."

Bowersox stated that construction is scheduled to start within the next few days.

DISCUSSING PROGRESS of the current Scout campaign for funds are (left to right) Mrss. Marion Conklin, Diablo Valley Area Girl Scouts, Bert Howard, chairman for the district of Lafayette, C. L. "Chuck" Aimen, who heads the area-wide drive and George Houghton, Diablo District Boy Scouts. The combined Diablo Area Scouts finance drive ends tomorrow.

Donn R. Court Given New Honor

Donn R. Court of Boyer Circle was elected vice - president in charge of sales at the September meeting of th board of directors at Cutter Laboratories, Berkeley, it was announced by Dr. Robert K. Cutter, president of the firm.

The new sales department head has been with Cutter since August, 1946, when he joined the organization as general sales manager. Last Octboer he assumed the position of Director of Sales and Advertising for the company.

Court, who is nationally known in drug and hospital circles, has a wealth of general sales experience in selling, merchandising and sales promotion in the professional drug trade, hospital and textile fields. He came to Cutter from Bauer and Black division of the Kendall Company where he managed Curity Suture business and was also sales executive in charge of dealer sales for all of that organization's products.

Court is a native of Memphis, New York, and a graduate of Syracuse University.

Scouts Win Trip To Railroad Yards

Rattlesnake Patrol of Scout Troop 204 of Lafayette enjoyed a trip through the Southern Pacific Railroad yards in Oakland last Saturday. This trip was an award to the group for winning one of the monthly patrol contests.

The boys thoroughly enjoyed first hand contact with the switchyards, roundhouse and locomotives. They watched the departure of the Streamliner, the City of San Francisco, and saw several other trains being made up for departure. Don Allison, a member of the Scout Committee, was their guide. Lester Lloyd also accompanied the boys.

Members of the Patrol who went on the trip were Buddy Turner, Delbert Allison, Bob Peterson, Jerry Ball, James Phelps, Jack Lloyd and Senior Scout Bob Keller.

Second Program In Sunday Series

The first of the four Sunday evening programs at the Community Methodist Church is history. Over 100 people turned out to enjoy an evening filled with fellowship, inspiration and education.

The second program will take place Sunday evening at 6 p.m. and will be over by 8:25. The program begins with a snack, then an old fashioned hymn sing. Then the full length motion picture; this week it will be "Reaching From Heaven." In the cast are: Cheryl Walker, John Qualen, Hugh Beaumont, Regis Toomey, Addison Richards and Nana Bryant. The picture promises to be a sure fire hit.

The evening program is closed in worship together. You and your family are invited to the Community Methodist Church, 58 Moraga Road. The program is for the family and a nursery will be provided for pre-school children.

Diablo Views

By JANET MATSON
Walnut Creek 2040

LIKE MANY OF US, Mr. and Mrs. Norman Mainwaring have been hard at work harvesting their walnuts.

Their two babies are not quite old enough to help yet. Susan is four months old and Norman Junior will be two this month. Of course Mike is a great help. He is the three months old Irish Setter who rules the family.

The Mainwarings' new home on Pleasant Hill Road is the fulfillment of Mr. Mainwaring's dreams while in the service for six years. He saw service during the war as a pilot in Europe and was a Captain when discharged.

MR. AND MRS. P. E. W. GOODWIN, JR., flew to Chicago this summer to visit members of their family and friends and pick up their new car. Chicago was their home until five years ago, and as this was their first trip back, they were kept very busy seeing everyone.

Mrs. Goodwin also visited her mother in Iowa. Eileen, the Goodwin's tiny daughter accompanied them and enjoyed flying high in the sky. She entered kindergarten this term at Pleasant Hill School.

ON FRIDAY NIGHT, Mrs. Bert Ferro entertained mothers of Troop Three of the Girl Scouts. The purpose of the meeting was to enable Mrs. Ferro, who is the Leader of the troop, to become better acquainted with the mothers and tell them the plans that have been made for their daughters in Scouting this year.

Mrs. Robert Voss, Mrs. A. B. Bullock, Mrs. L. H. Archibald, and Mrs. W. J. Matson, co-leader of the troop, attended.

Undefeated Dons Ready for Diablo

A strong Don football team is poised for its big game of the year with their arch rivals from Mt. Diablo tonight in Concord.

Coach Erwin Mattson's team bulldozed their way through a plucky but relatively weak eleven from Tracy last week 27 to 0.

The following probable starters will lead the march against Diablo: Granny Siler, R.E.; Lawrence Lucas, R.T.; Jay Forni, R.G.; Lloyd Torchio, C.; George Cockerton, L.G.; Orlando Chiavini, L.T.; Dick Laney, L.E.; Ken Jones, L.H.; Larry Feagans, Q.; Jack York, R.H.; Pete Larmer, F. Larmer will be team captain.

For more dope on tonight's game, read the adjoining column by Coach Mattson.

League Dopesters peg the Dons to take the CCCAL championship.

Lafayette Oaks Bridge Club Has Meeting

Members of the Lafayette Oaks Bridge Club played Duplicate Bridge at the home of Mrs. B. A. Hanson on Moraga Blvd, Wednesday evening, September 21. Those present to enjoy the evening at the bridge table followed by refreshments were Mesdames Emerson Hail, Dwight Birch, John Quarterolo, Allison Miller, Lloyd Holton, Allan Johnson and Channing Jones.

Drive Carefully — Save A Life

FROM THE SIDELINES

By Coach Erwin Mattson

THE CONTRA COSTA COUNTY FOOTBALL League falls into full swing this week as all six elevens take to the turf.

The Dons meet a heavy tough foe when they travel to Concord to meet the Diablo Red Devils.

ANTIOCH COMES OUT against Alhambra at Martinez while John Swett of Crockett provides the Pittsburg Pirates with opposition under the steel city lights. All games are slated for 8 p.m.

Top teams in the league appear to be Antioch, Pittsburg, Diablo and Acalanes all on a par with Alhambra not far behind.

JOHN SWETT appears to be not too strong but has a tradition for rising to heights on occasions to upset the dope bucket when least expected. On more than one occasion they have determined the pennant race by upsetting one of the leaders. All in all it looks like an interesting season for coaches, players and fans.

THE DONS have come up with a heavy team that shows flashes of greatness on occasions while at other times they have had lapses which have been costly as far as the yardage column is concerned.

In all games to date they have been unscored upon while racking up ten touchdowns and converting seven times which has given them a respectable average. Opposition has been unable to cross the Blue and White goal line. It remains to be seen how much longer they can maintain that record.

IN ALL GAMES so far they have outweighed their opponents but the situation will be reversed when they meet up with Diablo's beef trust.

The Dons line hovers around a one hundred and eighty five average while Diablo balances close to the two hundred mark.

THE DONS GO into the Diablo game with Dick Laney, veteran end, on the left side of the line. Orlando Chiavini holds down left tackle and has George Cockerton, a better than two hundred pound guard, on his right. Lloyd Torchio holds down center while Jay Forni is back at right guard.

Lawrence Lucas is a newcomer at right tackle with Granny Siler, a Berkeley High transfer, at right end.

JACK KING holds forth at quarterback while Jack York and Bob Ferro are at the halfback spot. Pete Larmer, last year's All-County fullback, has been assigned the heavy duty job once again.

THE TEAM is an all Senior lineup and is ably backed with a good number of Senior reserves and a sprinkling of Juniors.

ANTIOCH BOASTS another fast and tricky eleven and as always is a top contender for pennant honors.

Great spirit and terrific drive always keep Antioch in the front ranks. John Henry Johnson is gone from Pittsburg but don't sell them short. They have a veteran line, fast backs and are definitely in the race all the way.

MT. DIABLO CLAIMS their best in years and have an abundance of reserves to make trouble for anyone.

Alhambra High has a comparatively green team but possess great spirit according to the coaching staff. A top passing attack will make them dangerous.

CROCKETT, as mentioned, appears down but not out. Up with a new coach for the fourth time in as many years, they are bound to catch someone off guard.

That's the county grid picture, so get to the games early. The County race for the pennant is on in earnest beginning tonight. All kickoffs are at 8 p.m.

It's Acalanes vs. Diablo at Concord; Antioch vs. Alhambra at Martinez; Crockett vs. Pittsburg at Pittsburg.

For your printing needs at sensible prices call Lafayette 2222.

Peerless Picks by 'Expert' Mattson

By COACH ERWIN MATTSON

The football season of 1949 is certainly a package of surprises and this week end will undoubtedly find a number of upsets on the list.

I've been sticking my neck out for two years on these "peerless picks" . . . but I enjoy it so here goes

IT'S THE GOLDEN BEARS of California over Wisconsin. Pappy Waldorf and his fine coaching staff have done a great job at Cal. Many a team would have fallen apart with as many setbacks as California has experienced.

It's out on the limb on this one — Stanford over U.C.L.A. — and that's a real long shot! Somehow we feel that the Indians are due to rise from the ashes and that U.C.L.A. is due for a fall and this could be it.

A FIGHTIN' MAD University of Oregon will make it just too bad for Washington State while the University of Washington posts a win over Oregon State.

Detroit to fall before an improving U.S.F. while St. Mary's drops one to a hard running, fast charging Villanova eleven. St. Mary's' lack of top flight ends and not too much line depth will cause trouble all year.

COLLEGE OF THE PACIFIC runs up a good score to take Nevada.

IN THE EAST the University of Pennsylvania topples Princeton while West Virginia takes the University of Pittsburg.

Michigan adds another win at the expense of Army while Minnesota measures Northwestern.

In the pros it's Cleveland over the 49'ers — but close.

AND NOW CLOSE TO HOME — The Contra Costa County league opens with a bang as Antioch comes back a swinging to defeat Alhambra. Pittsburg runs up a score at the expense of John Swett.

THE ACALANES DONS have a toughie on their hands in the Red Devils and we predict a narrow win here for the Blue and White — we hope!

HUNTING TRIP

A weekend of hunting for deer was enjoyed recently by Mr. and Mrs. Bill Thomas of Walnut Street. Basking in the beauty of the Placerville mountains, the Thomases relished the hike as they hunted but could not find a deer. Offspring Carol and Jim enjoyed the same weekend at home with auntie, Mrs. Wayne Long.

Stork Wins Race in Lafayette

A two-car-versus-stork race from Alamo to Oakland was conceded to the long necked bird when Mr. and Mrs. Andrew Stewart made an emergency stop at Lafayette on Sunday, arriving with an extra passenger, a nine-and-a-half pound baby girl.

The excitement started when Mrs. Stewart decided they had better leave their Alamo home for the anticipated trip to Oakland, but quick. The family doctor, Dr. Maurice J. Frost of Danville was notified, and rushed to lead the race. With doctor first, Stewarts second and the stork, third, Stewart decided the bird was catching up and pulling alongside the doctor's car, was directed to head for Dr. C. L. Feiler's office.

Dr. J. N. Vizzard was called meantime and rushed to the office with the keys, only to find that Dr. Feiler, called there on another case, was talking to the gardener, and had taken over in the emergency. The new baby arrived even before the family got into the office, just as the other two doctors drove up.

Following a check-up in the doctor's office, Mrs. Stewart continued to Oakland with her husband and new baby for further care at the hospital.

The Stewarts are parents of two other children.

What Lafayette People are Doing

Howard Jones Falls From Tree

Howard Jones, son of Mr. and Mrs. Leonard Jones of Webb Lane should have celebrated his eleventh birthday this week but last Saturday afternoon he broke two bones in his right forearm.

This puts birthday plans two weeks hence on Howard's calendar.

Tight-rope walking out on the limb of a Sycamore tree to rescue the family cat, Howard slipped and fell to the ground.

In fading light of dusk, the doctor rendered first aid then sent the boy to Alta Bates Hospital where a specialist set the bones.

Howard spent the night at the hospital while the cat had long since calmly climbed down the tree by herself.

Mrs. Anita Lyser to be Year Book Advisor

Mrs. Anita Lyser of Spring Hill Road, art teacher at Alhambra Union High School, will serve as faculty adviser to the student staff of "The Torch," school year book. She succeeds Miss Blanche Weke who has held the advisory post for several years.

GUESTS AT BAKERS

Recent guests at the home of Mr. and Mrs. Fred Baker of Moraga Boulevard, were Mr. and Mrs. P. Kohlhof from Chicago. Also visiting the Bakers was their daughter and her husband, Mr. and Mrs. Harold Jones of Lodi.

Hilltoppers' Club Adopts By-Laws

Members of the Hilltopper's Club of Lafayette met at the home of Mr. and Mrs. M. J. Garevich Sunday evening.

Lloyd Holton read the by-laws drawn up by his committee assisted by Edward Rice, attorney of Lafayette Oaks. They were unanimously accepted by those present. Following a report by Mrs. C. W. High on the Community Center, the group voted to send a check for membership in the organization.

Plans made for the Junior Hilltoppers included a Halloween Parade and party, and erection of a shelter at the corner of Beechwood Drive and Hawthorne to protect school children in rainy weather. Urban Stark, Don Allison, Jack Basye, John Milano, and several others of the men present volunteered to investigate this project.

Plans for the New Year's party will be discussed at the next meeting to be held at the home of Mr. and Mrs. H. H. Montgomery Sunday, November 6.

SPARLINGS IN HOLLISTER

Mr. and Mrs. M. Sparling and son Stevie, motored to Hollister recently to visit Mr. Sparling's family. Accompanying them home, was a brother, Edward James Sparling, who is president of Roosevelt College in Chicago. He returned to Chicago by plane.

GUEST AT T. P. CONWAYS

Mrs. Jesse E. Long of Baldwin Park arrived at the T. P. Conway residence in Lower Happy Valley last weekend. She is sister to Mrs. Conway and although she caught the Conways in the middle of renovating, she enjoyed her visit completely, extending her stay to the middle of the week.

RETURNS HERE

Moving back to Lafayette from Oakland are Mr. and Mrs. Leonard Heiser and two daughters Jeanette and Sharon. The Heisers formerly lived on Acalanes Road and moved into Oakland about a year ago while their new home on Solano Drive was being completed.

VISIT DAUGHTER

Mr. and Mrs. Ed Morrison left recently for Placerville, where they will spend a month with their daughter and family, Mr. and Mrs. James Hull.

Lafayette Forum October calendar

OCTOBER 11 — Program Committee presents a Guest Day Program-Tea at the Town Hall, 2:30 p.m.

OCTOBER 18 — Garden Section. Guest speaker, Mrs. Constance Hansen, discussing "Lilies." 2 p.m., Town Hall.

Broderick - Butler Wedding Rites held

At a lovely candlelight ceremony held last Saturday evening in Orinda Community Church, Mrs. Betty Broderick became the bride of Edward H. Butler, well known Orinda architectural designer. The Reverend Fred Morrow officiated at the ceremony, beautiful in its simplicity amidst an autumnal setting of bouquets of chrysanthemums and carnations. Only members of the family and close friends were in attendance.

Matron of honor was Mrs. El Wier with Mike Murphy best man for the groom. The bride wore a steel grey satin afternoon frock and carried a bouquet of chryanthemums as did the matron of honor.

The justweds are well known in Orinda. Mrs. Butler has been active in community affairs and is a member of Orinda Dramateurs and the Orinda Park Pool Association. She is the daughter of the late Louis C. Broderick and Mrs. Broderick who lives in Piedmont. Mr. Broderick served for many years on the State Athletic Commission. The bride's mother gave a luncheon on September 24 announcing the coming marriage.

Mr. Butler is the son of Mr. and Mrs. Edward Butler Sr. of Pasadena. He has recently become associated with Irvin Goldstein, San Francisco architect.

After a short honeymoon at Mt. Diablo Country Club, the Butlers returned to make their home at 12 Rio Vista in Orinda.

One Injured In Tunnel Accident

One person was injured on Tuesday afternoon in a two car collision just inside the west portal of the Broadway tunnel when a car driven by Julius Speger of Lafayette crashed into the rear of a car belonging to William Earl Gore of Walnut Creek, according to the Highway Patrol office in Martinez.

Injured was Eva Dahl of 1835 Clover Lane, Walnut Creek. Miss Dahl was taken to Permanente Hospital. Only slight damage to the cars was reported and no citations have been issued as yet, investigating officers stated.

The report on a four-car collision which took place September 29 near the Hidden Valley-Highway intersection was not available by Wednesday of this week, and the investigating officer's report on an accident which occured about 9:30 a.m. Tuesday on the highway between Orinda and the Tunnel had not been turned in by Wednesday morning, according to the Highway Patrol office.

Don't Wait Until You're Called On

The success of Diablo Area Boy-Girl Scout finance drive depends upon the participation of all of us.

If for any reason you have not been contacted personally in this regard, please mail or bring your contribution to your local community drive chairman or to Diablo Area Scouts, c/o John Stoffel, co-treasurer, American Trust Co., Orinda.

RUSSIAN RIVER VACATION
Mr. and Mrs. Henry Donovan spent last week relaxing at Russian River.

DAVE NELSONS RETURN
Mr. and Mrs. Dave Nelson have just returned from a week spent in the Santa Cruz Mountains.

MRS. PETTENGILL HOST
Mrs. Keene Pettengill entertained recently at lunch and bridge. Her guests were Mrs. Victor Richit, Mrs. Ida Zamloch and Mrs. Benjamin Randall. Mrs. Richit will be hostess to the same group this Friday afternoon.

BRIDGE PARTY
Mrs. Dell Thompson entertained Mrs. Henry Donovan, Mrs. Mort Inglis and Mrs. Harold Tyler at an evening of bridge last Monday.

MRS. ARENDS ENTERTAINS
Mrs. William Arends entertained a foursome at the Heidi Branch Bridge and Luncheon at Mt. Diablo Country Club. Her guests were Mrs. Lance Barden, Mrs. John Dorr, and Mrs. Harper Wright.

WINTER BRIDGE CLUB
Mrs. Dell Thompson of Orinda will start the monthly Winter Bridge Club meetings with bridge at her home next week. Her guests will be the Mesdames Harry Oliphant, Henry Donovan, Douglas Williams, Fred Leffel, Benjamin Randall, Mort Inglis and Lloyd Pearson.

BRIDGE AT BROOKS HOME
The Nit-Wits Bridge Club will have their October meeting at the home of Mrs. James Brooks in Lafayette. The guests will be the Mesdames Paul Kalf, Ken McIntire, John Leigh, Ben Randall, John Dorr, Brent Inman and Bob Clough.

IN CARMEL
Col. and Mrs. T. E. Haley, of Via Hermosa, spent last week end in Carmel.

PACK TRIP
The Rudy Rasmussens, of La Vuelta, entertained friends from Alameda and the Jack Coopers of Orinda last Friday evening. Following dinner movies were shown of the pack trip the men took in August out of Kennedy Meadows above Sonora Pass. During the week they were gone, each one caught the limit in trout.

VISITS HERE
Larry Beemer, long-time friend of Edgar Stewart, of Los Altos Road, paid a quick visit to Orinda recently on his way back to Tokyo for the Standard Oil Co.

SANTA CRUZ GUEST
Mrs. Henry Berg, of Santa Cruz, was the guest for a few days recently at the home of her daughter, Mrs. Howard Lane, on Southwood Drive.

DRIVE NORTH
The Thomas Telfers drove Barbara McVickar to Eugene, Oregon early in September to enter the University of Oregon, where Barbara pledged Alpha Chi Omega sorority. Travelling up via the Redwood Highway, the Telfers returned through the Feather River country, stopping at Gray Eagle Lodge at Gold Lake. The Lodge is owned by the Bob Goodales of Hidden Valley.

BARBECUE DINNER
Orindans joining in a pot luck barbecue dinner at the home of the Fred Crawshaws on La Vuelta last Friday evening included Messrs. and Mesdames Stanley Allen, Clarence Betz, Frank Olsen, Ed Solinsky, Frank Wright, Bill Hanley and Harry Oliphant.

HOUSEGUEST
Mrs. A. H. Hopkins, of Milwaukee, Wisconsin, has been a houseguest for the past month at the home of her daughter, Mrs. William Hanley, on Moraga Highway.

NEW HOME
Mr. and Mrs. Calvin Hagstrom, formerly of Oakland, are the new owners of the Clyde Eddy home at 9 Valley View Drive.

DEEP SEA FISHING
Ray Devin and Harold Hansen chartered a boat and went deep sea fishing last week end. Ray came home with a 22 lb. salmon.

IN YOSEMITE
Dr. nad Mrs. Roger Stark, of Manzanita Drive, returned home Tuesday evening after spending five days at Yosemite Valley.

MOTOR TRIP
Mr. and Mrs. George Hickok and Mrs. Warren Harrold enjoyed a motor trip last weekend to Pinecrest where Mrs. Harrold looked at some property. They drove through part of the old mining country that winds through Knight's Ferry and Columbia.

BARBECUE DINNER
Mrs. Wesley Smith of Orinda Highway entertained her uncle and aunt, Mr. and Mrs. Will Brady of Long Beach last weekend. On Sunday in their honor, the Smiths had a barbecue dinner to which they invited friends and relatives from San Francisco and Oakland.

IN SEATTLE
The Fred Elkintons are spending two weeks with their son in Seattle who is manager of the branch of his father's Philadelphia Quartz Co., Berkeley.

NEW CLERK AT WOOLSEYS
Mrs. Marian Nelson of El Toyonal Road is the new clerk at the Woolsey Country Togs store in the Village. Mrs. Nelson comes to the exclusive shop with a varied background of retailing experience gained in the area's large metropolitan department stores.

REUNION AT WILLOWS
Former students of Washington Grammar School of Oakland will hold their annual reunion at Orinda Willows tonight.

BUSINESS TRIP
Harold Ohleyer is making a business trip back east to the General Mills head office in Minneapolis.

Room Meetings Start This Week

Room meetings are starting this week and will continue through the month for mothers of Orinda and Glorietta School children, Mrs. Roger Stark, Orinda Mothers Club hospitality chairman, has announced. Following is a list of those already scheduled for this week and next:

Wednesday, October 5, Miss George's 5th grade, at the home of Mrs. Chas. E. Coburn, room mother, 1 Hacienda Circle, Orinda Estates, at 3:00 o'clock.

KINDERGARTEN
Friday, October 7, Mrs. Marttila's afternoon kindergarten, at the home of Mrs. Emory Davis, room mother, 13 La Plaza, at 3:00 o'clock. Mrs. Anderson's 5th and 6th grades combined, at the home of Mrs. J. S. Fraser, room mother, 16 Glorietta Blvd., at 3:00 o'clock.

Monday, October 10, Miss Siefker's 2nd and 3rd grades combined, at the home of Mrs. Glenn Butler, room mother, 4 Brookside Road, at 3:00 o'clock.

Wednesday, October 12, Miss Haviside's kindergarten, at the home of Mrs. James E. Lindsey, room mother, 14 Oak Drive, at 3 o'clock.

Thursday, October 13, Missmoon's 4th and 5th grades combined, at the home of Mrs. Jack W. Moylan, room mother, 21 El Gavilan, at 3:00 o'clock. Mrs. Parker's 2nd grade, at the home of Mrs. Donald Hunter, room mother, 10 Orchard Court, at 2 o'clock.

All mothers are urged to attend their room meetings which will furnish an opportunity fir discussion of room problems with faculty members and other mothers in the grade. Superintendent Joseph L. Sheaff and Mrs. Donald Krotz, Mothers Club president, plan to attend each meeting, if possible.

Peter Telfer Has Supper, Movie Party

Peter Telfer, son of the Thomas Telfers of Oak Arbor Road, invited friends to help him celebrate his 8th birthday last Friday evening with sunper at the Orinda Country Club followed by a movie in Lafayette.

His guests included his sister Clarinda, Freddie Lamb, Deborah Smith, Michael Wilmar, Sylvia Bolman, Cebe Wallace, Mary Caroline Foster, Mark Gathings, Michael Stahle, John Baritell, Clay Sorrick, Patsy Murphy, Sally Stewart, Julie Allen, Rod Camp and Ted Curtis.

Evenings for Appointment

Trail of San Antone Saturday Movie

Doors will open at 2:00 p.m. this Saturday for Teatro Para Ninos' showing of "Trail to San Antone" and a new installment in the Dick Tracy serial. Jerry Vurek is the projectionist again this year. The opening program last Saturday drew a record attendance of 169, with many of the children appearing in costume.

Mrs. Jack Moylan, Teatro Para Ninos chairman, has announced that Mrs. Colvin Doughty will be in charge of posting signs at Orinda School in advance of each Saturday's performance, and Mrs. Edward M. Hicks will handle notices at Glorietta School. Children at Glorietta School are asked to watch for these posters on the bulletin boards in their classrooms. More mothers are needed on Mrs. Moylan's committee. Anyone interested please get in touch with her at Orinda 2523.

Carol March celebrated her seventh birthday last Saturday by inviting a group of her friends to attend the show with her. Her guests included her brother, Dan March, Janice Twining, Richard and Sally Twining, Diane Kersten, Bobette Root, Joyce and Bob Bailey, Linda Robinson, Buddy Knappenberger and Peggy Ann Morrison.

12-15 Club Has Social Meeting

The 12-15 Club met Tuesday, September 25, for a social meeting at the home of Mrs. Leo Alexander.

It was also the occasion for celebrating the birthday of one of its oldest members, Mrs. A. Pasteris. Business included completing the plans for the card party on October 19 at the home of Mrs. W. E. Joslin, 611 Miner Road. Guests at this meeting were Mrs. Ida Zamloch, Mrs. E. H. Russ and Mrs. Fred Repp.

All Around Orinda

ORINDANS AND THEIR GRIPES about taxes, bond issues and the high cost of being a suburbanite have amused those on both sides of the Berkeley hills.. And only recently, to prove they meant it, Orindans came close to not passing the school bond issue that will provide several new classrooms for Orinda kids.

Now comes a "report" that those same Orindan's offspring have already practically made the "new" Glorietta School "old" almost overnight.

Seems the children in that area have a penchant for aiming their B-B guns in the direction of the many windows of the modern structure —and smashing same.

They are also riding their horses around the grounds where horses just don't belong, and in general defacing the new structure about as rapidly as some of the war-workers did those housing projects during the late war.

And in event some of the Rounder's readers think he is being unduly mean in calling attention to the antics of grammar school children, he'd like to hasten to add that it's very seldom the children who are to blame. The fault lies, as a rule, with all those who squeal like the dickens when they are asked to build new facilities for their youngsters' education — and then fail to educate their young ones at home to act like ladies and gentlemen in public.

And while on the subject of schools — the Orinda Grammar School, already bursting at the seams with students, enrolled another one temporarily the other morning. One of the fifth graders arrived at school with his Doberman pooch who refused to go home. Joined the class temporarily, much to the kids great delight. Was finally carted away by his young master's mother — much to the teacher's delight.

AND STILL ON THE SUBJECT of the three R's brings to mind the fact that probably next month an art class will be inaugurated at the Orinda School. Realizing the need for additional instruction for the many talented youngsters hereabout, Supt. Sheaff asked talented local artist Doris Fraser if she would conduct a Saturday morning art class at the local school. Doris consented. The Junior League, it is hinted, will back the project, to be known as the Orinda Children's Art League.

DRAMATEURS, HARD AT WORK rehearsing lines for their next play, "John Loves Mary," can't hope to cope with their last play when it comes to a comparison of the props required for its staging. "January Thaw," you'll remember, was filled with little items such as chamber pots, live pigs and a picture of Calvin Coolidge.

"John Loves Mary" is apparently a bit more up to date. Some of the props required in its staging include pictures of Hoover and Roosevelt, caviar, whiskey, and (we should be in this play) champagne.

WE KNOW VERY WELL that we suggested ending that garbage controversy. But today we heard that a couple-three months ago Joe Navone decided to go all out and get himself the latest truck available. Tried it out one day on a pickup route — and very nearly lost some of his best clients.

Seems the doggoned thing was so heavy even unloaded that none of Joe's customer's driveways could take it. And it is even rumored that two or three families decided to heck with it all and are using the ruts the newfangled truck made to bury their refuse in, something that Joe vehemently denies.

REMARKS MADE BY THE ROUNDER last week about storks using Orinda as an emergency landing field must have had effect. Or didn't you read about that Alamo couple headed for Oakland at seventy-five an hour to get to the hospital? Brother stork, obviously a bit perturbed about the reception he might ge if he landed in Orinda again, landed in Lafayette instead where it took three doctors to get him out of his dilemna.

SO YOU WANT TO BUILD A HOME of contemporary modern design — a home that suits your taste and personality, and you'd like to have the natural redwood of its exterior left natural?

You'd probably have a heck of a time doing it in Hacienda del Orinda. Despite the fact that Life magazine and nearly all the architectural magazines speak of just such homes as being among the finest examples of Bay Region architecture, Hacienda Homes Inc. through its plan approval board would probably refuse you permission to build. Did recently, at least, when such a plan was submitted for approval.

Objected to the slope of one of the building's walks — wanted it straightened up a bit. And insisted that there was to be no more natural redwood finished homes in Haciendas del Orinda. The owner had to compromise — agree to paint it gray.

Just how far, we're beginning to wonder, does the authority of these local plan approval boards go? The Rounder — and a lot of prospective home builders — would like to know.

WHICH REMINDS US that the original site of the proposed Masonic Bldg., across from the firehouse, now becomes the site of an ultra modern redwood and natural stone building, plans for which are already being prepared for Dorothy Marshall, Village Beauty Shop owner.

ODDS AND ENDS AND ORINDANS:

With Halloween yet to come, Beryl Wright has jumped the gun by several holidays — has Christmas cards on display already . . .

Karen Tynes and Shirley MacAninch, Orinda's two young ladies who took a course in modeling, passed with flying colors at the top of their class — have turned pro.

Board of Mothers Club to Meet

Board of Directors of Orinda Mothers Club will hold its monthly meeting Tuesday afternoon, at 2:00 o'clock, at the home of Mrs. Stanley Allen, 76 Orchard Road.

Attending will be Superintendent Joseph L. Sheaff, Mrs. Mildred Parker, faculty advisor, Mrs. Robert Harrison, Board advisor, and officers and chairmen Mesdames Donald Krotz, Fred von Guenthner, William Courtright, Arthur Henry, D. C. Peacock, Roger Stark, J. H. Schwarck, S. A. Ballard, Russell Gilwee, Alfred Johnson, Kirk Miles, Jack W. Moylan, Richard Dunnigan and J. D. North.

STORK ..CLUB..

It won't be very long now before the Gaels have a new football star, Gerold Joseph Verducci by name. Born at Franklin Hospital, San Francisco, on September 25, Gerold is the son of St. Mary's football coach and Mrs. Joseph G. Verducci of Camino Sobrante. Young Gerold, who weighed 9 pounds, 10 ounces at birth, has two older sisters, Florence Joan, 9, and 8-year-old Diane.
